Qasim Lokhandwala

SOFTWARE DEVELOPER

Thaltej, Ahmedabad | 9909783254 | qasimlokhandwala1@gmail.com

Objective

Results-driven software engineer passionate about leveraging AI/ML to build innovative applications. Seeking a challenging role where I can apply my technical expertise to develop cutting-edge solutions while continuing to grow in AI/ML technologies and Application development.

Projects

EnvisonAI | Full Stack MERN   **Jan 2025 – Feb 2025**

- Text-to-image generator.
- Roburst authentication using JWT tokens.
- Scalable backend using NodeJS and frontend using ReactJS.
- https://github.com/QASIM-LOKHANDWALA/EnvisionAI

Face Authentication API | Django   **Feb 2025**

- Created a facial recognition system using CompreFace's open-source model.
- Built with Django backend and modern frontend using HTML and Tailwind CSS.
- The application enables real-time facial detection, recognition, and verification with high accuracy.
- https://github.com/QASIM-LOKHANDWALA/Face-Auth-API
